

## **PAWS & UNWIND PET RESORT**

### CARE AGREEMENT & VETERINARY RELEASE CONTRACT

While in our care, Paws & Unwind Pet Resort will ensure that your pet will at all times be fed, watered, housed with proper heat and air conditioning in a safe, clean facility. Your pet will be granted the additional amenities and package options agreed upon at check in.

Each staff member at Paws & Unwind Pet Resort is carefully trained but should an unavoidable situation arise despite our best care and prevention efforts such as fire, escape, burglary/theft, disease, death, injury to your pet, other pet or person, damage to or theft of property left with pet or other accidental circumstance, Paws & Unwind Pet Resort is not liable for any loss or damage. We exercise utmost caution to avoid such incidences.

All animals in our care are required to be up to date on vaccinations prior to entering our facility. However, animal vaccinations, much like human vaccinations are not always 100% effective. When multiple animals are housed in close proximity, Kennel Cough along with other various types of upper respiratory infections can still occur. Paws & Unwind Pet Resort works diligently to maintain a sanitary facility, using professional grade cleaning products and preventing any spread of infection to the best of our ability. Sometimes airborne illnesses can be transmitted despite our best sanitation efforts. Should a pet become sick, he or she will be immediately isolated and properly cared for until their checkout date. Paws & Unwind Pet Resort is not responsible for any medical expenses incurred from such illnesses. If we discover that a pet has fleas, ticks or any other parasitic organism, the pet will be treated immediately at the owner's expense and placed in isolation until checkout.

If a pet is not picked up or alternate arrangements for pickup are made via phone or email within 14 days of intended checkout date, Paws & Unwind Pet Resort will assume ownership of the pet and will maintain all rights to proceed with the care or adoption as seen fit by facility management.

To ensure the safety of all of the pets in our care, it is important that we know as much about each pet as possible. Please fill out the information below.
